Candidacy of Torino - Italy to host EMC Compo 2024

Politecnico di Torino
Department of Electronics and Telecommunication

Corso Duca degli Abruzzi, 24
Torino - Italy
Why having EMC Compo in Italy?

✓ Long-standing research on EMC at system, module and chip level (the Microelectronics EMC group and the related Laboratory was established more than 30 years ago)

✓ Excellence in Electrical Engineering: the asynchronous electric machine was invented in 1888 by Galileo Ferraris (Prof. at Politecnico di Torino)

✓ Large investment in the next years on Electronics and Semiconductor industries with focus on smart electric cars and aircrafts

✓ Car makers like Stellantis (Peugeot, FCA, Ferrari), Aerospace companies as Thales Alenia Space and giant semiconductor companies such as ST Microelectronics and Infineon Technologies are based in Italy
Conference venue

Politecnico di Torino – Valentino Castle

Turin – Italy - Europe

https://www.youtube.com/watch?v=GK8DhN1ho2w
Conference venue

- Recently renovated area inside the main campus, with 1500+ person capacity
- 4 conference rooms, 4 lecture rooms
- Well served by public transport, 10 minutes walk from metro
EMC Compo Organizing Committee

Franco Fiori, Poli Torino (Chair)
Adrijan Baric, Uni Zagreb (TPC Chair)

Erica Raviola, Poli Torino
Anna Richelli, Uni Brescia
Francesco De Paulis, Uni l’Aquila
Davide Pandini, ST Microelectronics
Markeljan Fishta, Poli Torino

Markeljan Fishta
